PROJECT DESCRIPTION

The 4.4-million-square-foot Consolidated Rental Car Facility at the Fort Lauderdale-Hollywood International Airport, is one of the largest structures of its kind in the U.S., providing space for 12 car rental companies and nine levels of parking to accommodate 9,000-plus cars with a full range of rental car concessions and visitor parking. The master plan for the Facility accommodates a future hotel as well as a proposed people mover and a future inter-modal transit center.

SCOPE OF WORK

Work consisted of installation of 10,900 linear feet of new 16" DIP wastewater force main, 16-inch plug valves (13 ea), connection to existing 12-inch and 8-inch force main, decommission and abandonment of existing force main along South Perimeter Road at the Fort Lauderdale-Hollywood International Airport.

COMPLETION DATE

2006

PROJECT COST

\$ 1,257,116
